

The Downlands Pupil Passport

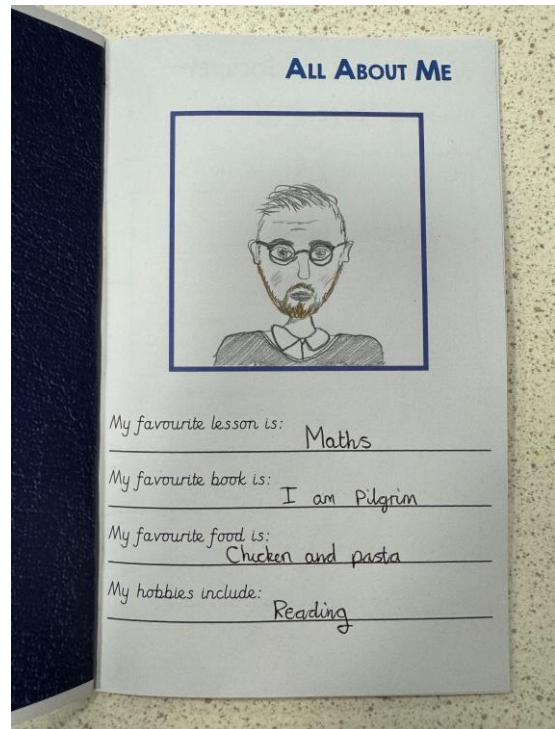

Where will
your learning
take you?

The Downlands Pupil Passport

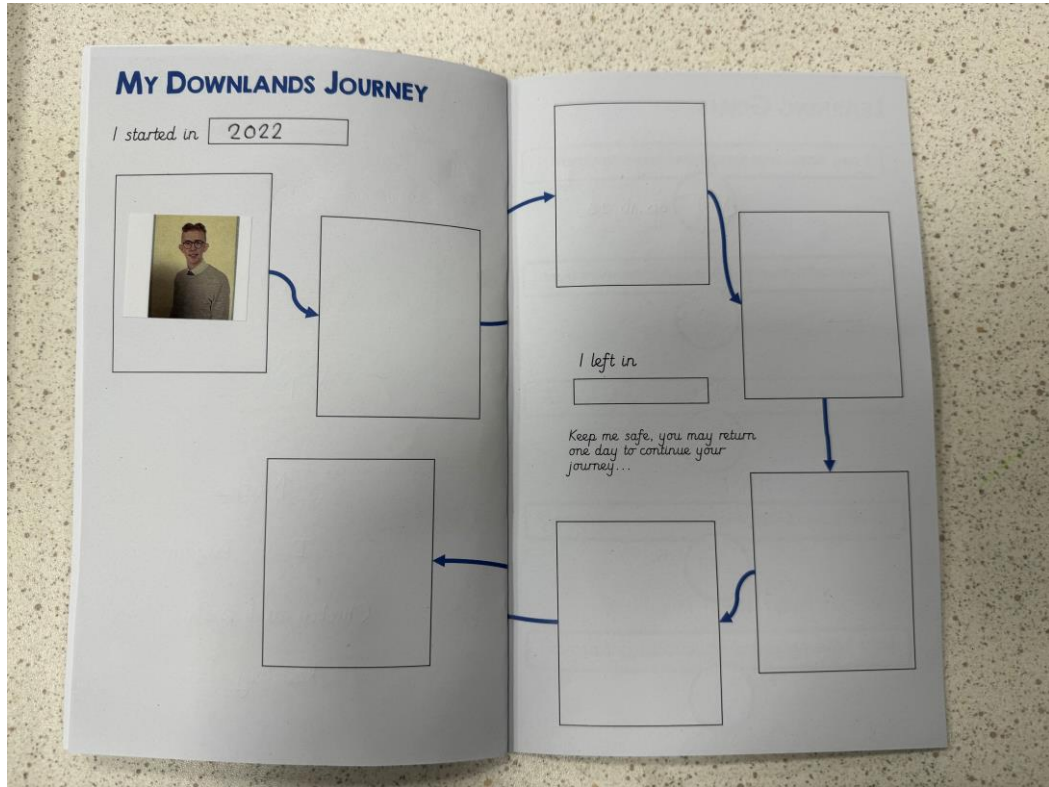

All About Me

This is completed when pupils **first** receive their passport.

They draw a **self portrait** of themselves and list their favourite: lesson, book, food as well as any hobbies.

The Downlands Pupil Passport

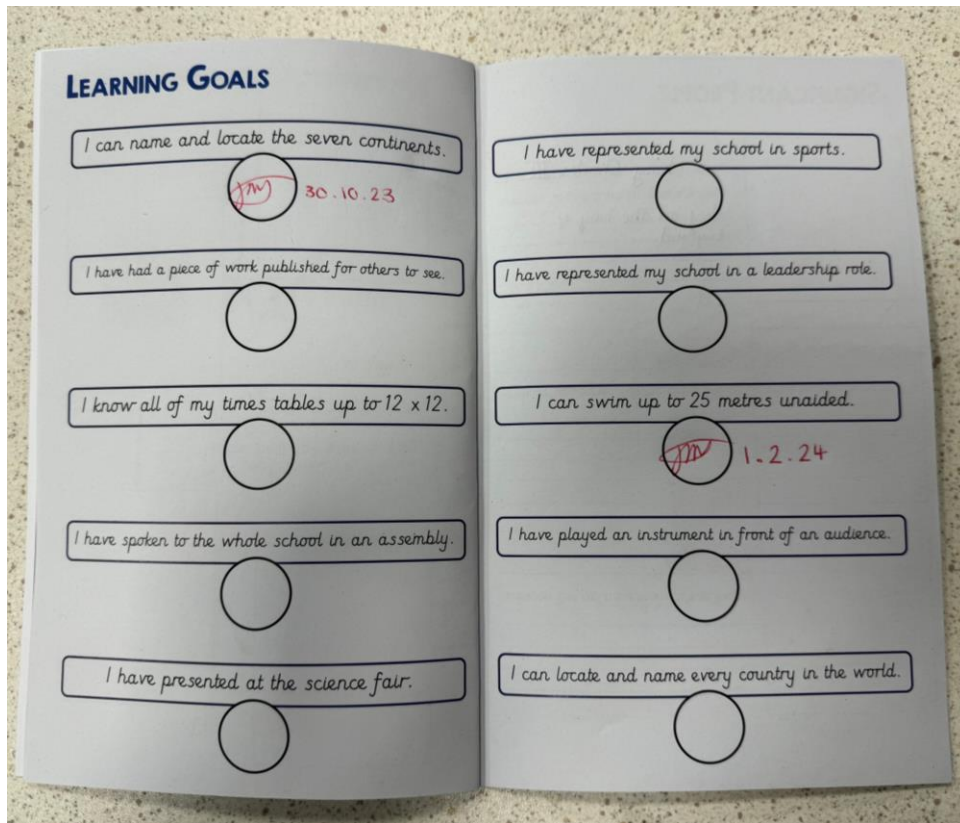

My Downlands Journey

Each year, the class teacher will print out their school photo to track their journey through Downlands Community School.

The Downlands Pupil Passport

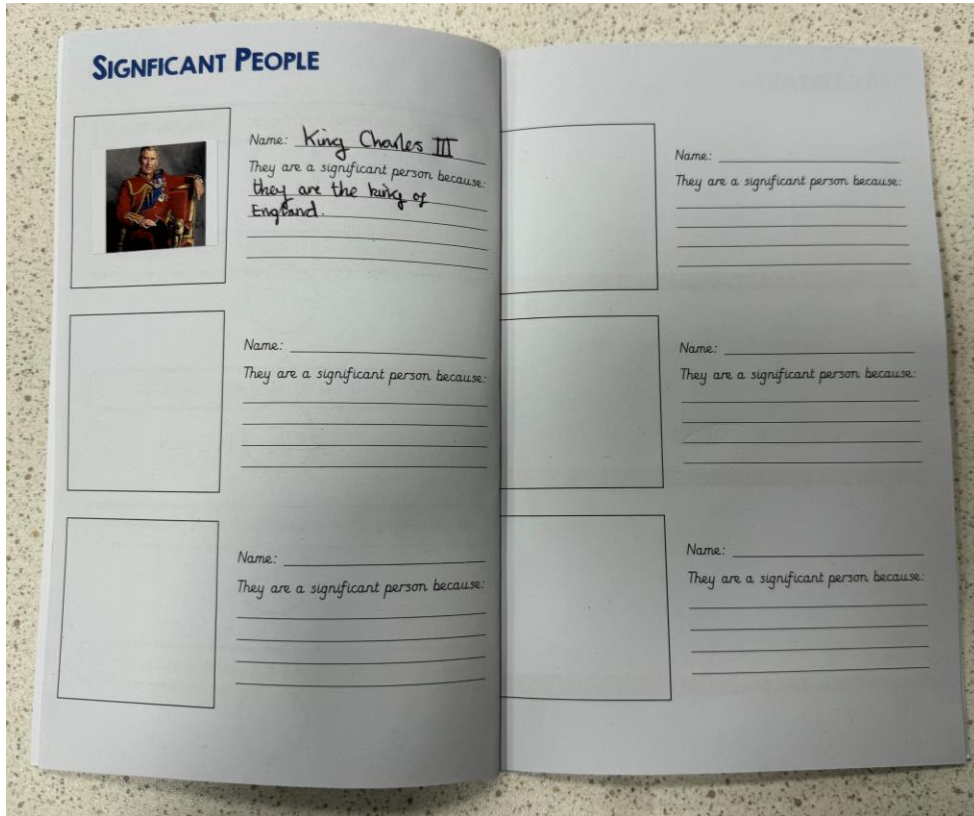

Learning Goals

We have created 10 aspirational learning goals, some of which are covered by the National Curriculum while some push pupils beyond this. Some examples include: presenting at the school science fair and playing an instrument in front of an audience.

When a pupil completes one of these goals, the class teacher **signs and dates** to show this.

The Downlands Pupil Passport

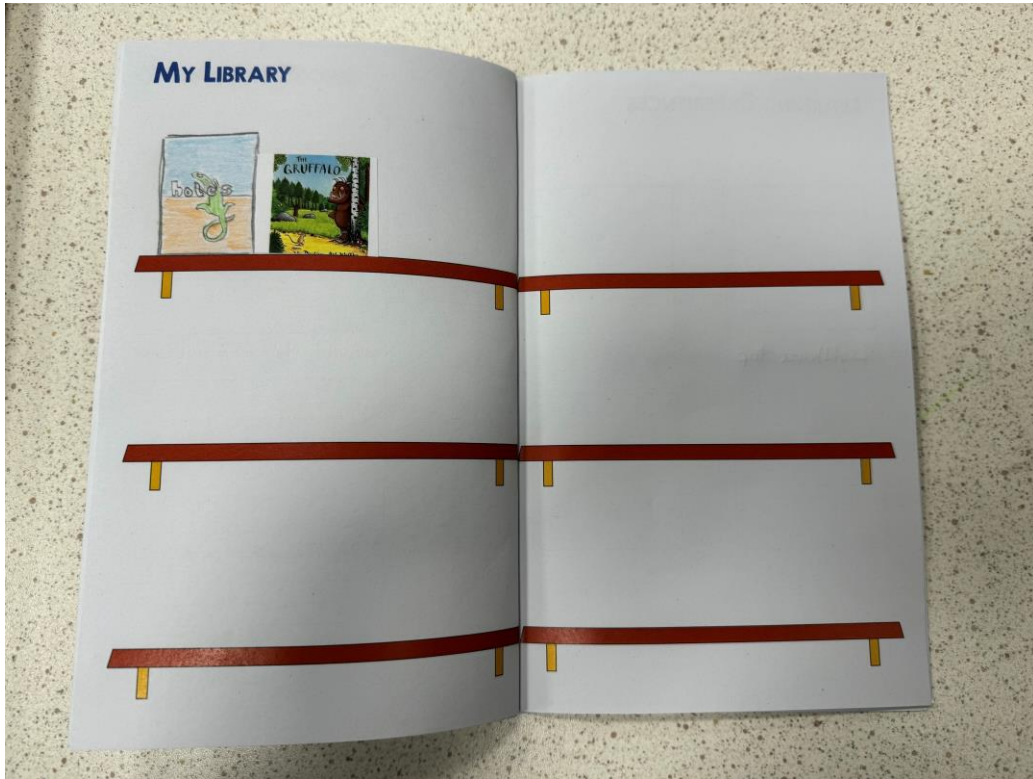

Significant People

To further expand pupils' cultural capital, we expose them to a range of significant figures, ranging from thousands of years ago, to people making the news today.

When a pupil learns about one of these, they get a **photo** to stick in their passport and they then **write a short sentence** explaining why this person is important.

The Downlands Pupil Passport

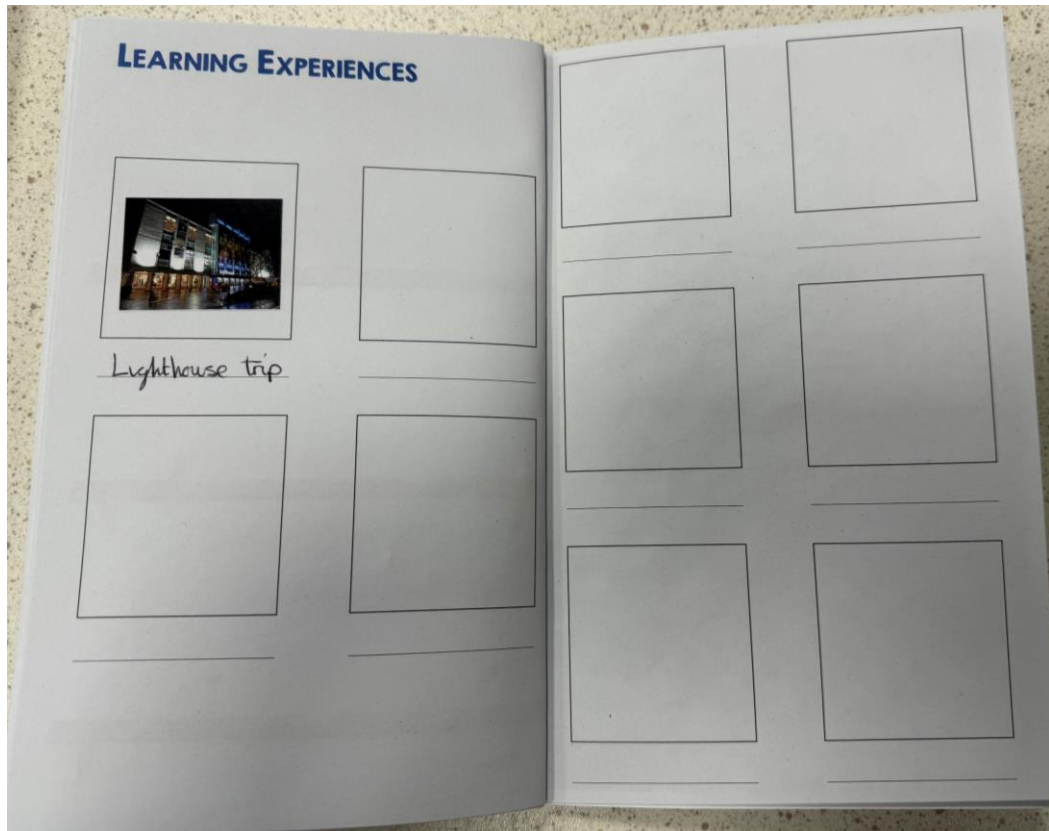

My Library

These pages showcase the variety of books our children experience through both their lessons and class novel at the end of the day.

When a book is completed, pupils *either draw* the book or get a **sticker** to show this.

The Downlands Pupil Passport

Learning Experiences

This records all of those extra experiences we offer at Downlands, for example a trip to the Lighthouse in Poole, or learning to play the ukulele.

Pupils receive a **sticker** when they have had one of these experiences.
